

Defect Log

Defect ID	Title	Description	Module	Severity	Status	Date Reported	Date Fixed	Assigned To	Evidence
DEF-001	Missing Image Upload on Authentication Pages	Sign up and login pages lack proper image assets and branding logos	UI/Frontend	High	FIXED	2026-05-15	2026-05-20	Frontend Team	Screenshots show missing image placeholders
DEF-002	Car Listing Confirmation Missing	After seller submits a car listing the system doesn't display confirmation message that request is awaiting admin approval	Car Management	High	FIXED	2026-05-16	2026-05-22	Backend Team	Test case showed no success message returned
DEF-003	Seller Review Feature Not Implemented	Buyers unable to rate and review sellers after completed purchases	Review System	Medium	FIXED	2026-05-18	2026-05-28	Full Stack Team	Feature spec defined but endpoints not deployed
DEF-004	Receipt Generator Missing for Admin	Admin dashboard lacks ability to generate and download purchase receipts for completed orders	Admin Module	High	FIXED	2026-05-19	2026-05-27	Backend Team	API endpoint returns 404 error

Defect ID	Title	Description	Module	Severity	Status	Date Reported	Date Fixed	Assigned To	Evidence
DEF-005	Admin Dashboard Analytics Graphs and Not Rendering	Dash-board shows statistics but trend graphs and charts fail to display data visu-alization	Analytics	Medium	FIXED	2026-05-21	2026-05-31	Frontend Team	Graph compo-nent throws null pointer excep-tion
DEF-006	Admin Can-not Modify User Profile De-tails	User man-agement endpoint missing for admins to edit user names email and phone numbers	User Man-age-ment	High	FIXED	2026-05-20	2026-05-26	Backend Team	PATCH end-point unde-fined in con-troller
DEF-007	Insufficient Password Vali-da-tion Rules	System accepts passwords shorter than required minimum length causing security vulnera-bility	Security	Critical	FIXED	2026-05-14	2026-05-17	Backend Team	Able to register with 5 charac-ter pass-word
DEF-008	Wishlist Per-sis-tence Issue	User wishlists not saving properly when browser session ends causing data loss	Data Stor-age	Medium	FIXED	2026-05-22	2026-06-02	Backend Team	Redis cache not config-ured cor-rectly

Defect ID	Title	Description	Module	Severity	Status	Date Reported	Date Fixed	Assigned To	Evidence
DEF-009	Payment Gateway Integration incomplete	Purchase flow fails to properly handle payment responses from simulated gateway	Payment System	High	FIXED	2026-05-23	2026-06-01	Full Stack Team	Payment status not updating in database
DEF-010	Recent Views Feature Not Tracking	Vehicle view history not being recorded in user session for recent views feature	Browse Module	Low	FIXED	2026-05-25	2026-06-03	Backend Team	RecentView entity not persisting to database
DEF-011	Car Comparison Missing Conditions Fields	Compare endpoint returns basic car details but omits fuel type transmission and owner history	Feature	Medium	FIXED	2026-05-24	2026-06-04	Backend Team	API response schema incomplete
DEF-012	Support Ticket Chat Not Bidirectional	Admin and user unable to exchange multiple messages within single support ticket thread	Support System	High	FIXED	2026-05-26	2026-06-05	Backend Team	Message list endpoint returns only initial message

Defect ID	Title	Description	Module	Severity	Status	Date Reported	Date Fixed	Assigned To	Evidence
DEF-013	Session Token Expiration Not Enforced	User sessions remain active beyond 120 minute timeout period creating security risk	Security	Critical	FIXED	2026-05-17	2026-05-21	Backend Team	Token validation logic missing from interceptor
DEF-014	Car Availability Status Not Updating After Purchase	Purchased cars remain marked as available in catalog allowing duplicate purchase attempts	Business Logic	Critical	FIXED	2026-05-27	2026-06-06	Backend Team	Car available flag not updated in transaction
DEF-015	Fraud Alert Not Triggering for High Purchase Volume	System fails to flag accounts with excessive purchase history as potential fraud risk	Fraud Detection	Medium	FIXED	2026-05-28	2026-06-07	Backend Team	Alert threshold logic not implemented in purchase service
